## INTRODUCING MIRACLE

Miracle is based on the concept of a traditional lighting fixture but with a vibrant, modern twist thanks to the unconventional shape of the arms. The result is a rich and shiny lighting fixture made from Czech cut glass that will adorn any interior, especially traditional settings.

## INTRODUCING LARGE-SCALE LIGHTING PROJECTS

We have prepared for you a demonstration of our large-scale projects. Our lighting fixtures with their unique charm and detailed, high-quality execution are the ideal centerpiece for settings such as hotel receptions, palaces, castles, villas or religious buildings.

Our designers have successfully completed hundreds of lighting projects and we are proud that our lighting fixtures adorn even the most luxurious interiors around the world. This demonstrates our company's impressive range of design and manufacturing capabilities, enabling us to design and produce traditional or modern large-scale lighting fixtures for even the most demanding clients – taking into account the needs of different cultures.

# ABOUT ARTGLASS

**ARTGLASS is a producer of original and design-led lighting made from high-quality materials**

ARTGLASS Ltd. is a producer of original and design-led lighting made from high-quality materials with a high proportion of manual craftsmanship. ARTGLASS has been active in the market for almost 30 years and operates with great success in 45 global markets.

The company works very closely with renowned Czech glassmakers and world-famous designers. ARTGLASS's great strength is the company's inhouse team of progressive designers, whose original and unique ideas in terms of high-quality design now adorn countless interiors around the world.

ARTGLASS's production programme can be divided into into three branches:

- custom lighting - lighting projects for private residences, religious buildings (churches, temples, mosques), restaurants, hotels, etc.

- the production of traditional Czech crystal chandeliers

- modern design collections of lighting fixtures

We offer our clients a comprehensive solution for lighting, from the design and consultation phase through to advice and assembly. We also have a specially trained team of assemblers who install our products in clients' premises around the world.

## PRODUCTION

ARTGLASS is constantly investing in its development, new technologies and the skills of its employees. Lighting designs and models are created in our own design studio, which is equipped with state of the art technology.

Using 3D software we are able to visualise the entire installation in its interior. We then elaborate on this proposal down to the last detail, including the preparation of technical documentation for production itself.

The company has a modern metal workshop where our specialists are able to construct even the most demanding metal structures for our installations.

All of our products meet the required standards and regulations and are certified by renowned global testing laboratories.
